- facebookexperimental/Recoil

```
import React from 'react'
import {atom, useRecoilState} from 'recoil'

const stateAtom = atom({
  key: 'textState',
  default: '',
})

function TextInput() {
  const [value, setState] = useRecoilState(atom(stateAtom));
  return (<div onClick={()=>setState(value+1)}>{value}</div>);
}
```

Viel Spass
